

Getting It Right,
the First-time,
On-time...

Safety Program

Industrial Safety

EPR is fully dedicated to assure all our personnel are industrial construction safety trained. ISNetwork (#400-199414), a 3rd party safety program compliance firm, has reviewed and approved EPR's full safety program.

EPR Assures our Staff are:

- › OSHA 10-hr Trained,
- › Hazard Awareness Trained,
- › Knowledgeable of Client Specific Policies, and
- › Continuing Safety Education is Available.

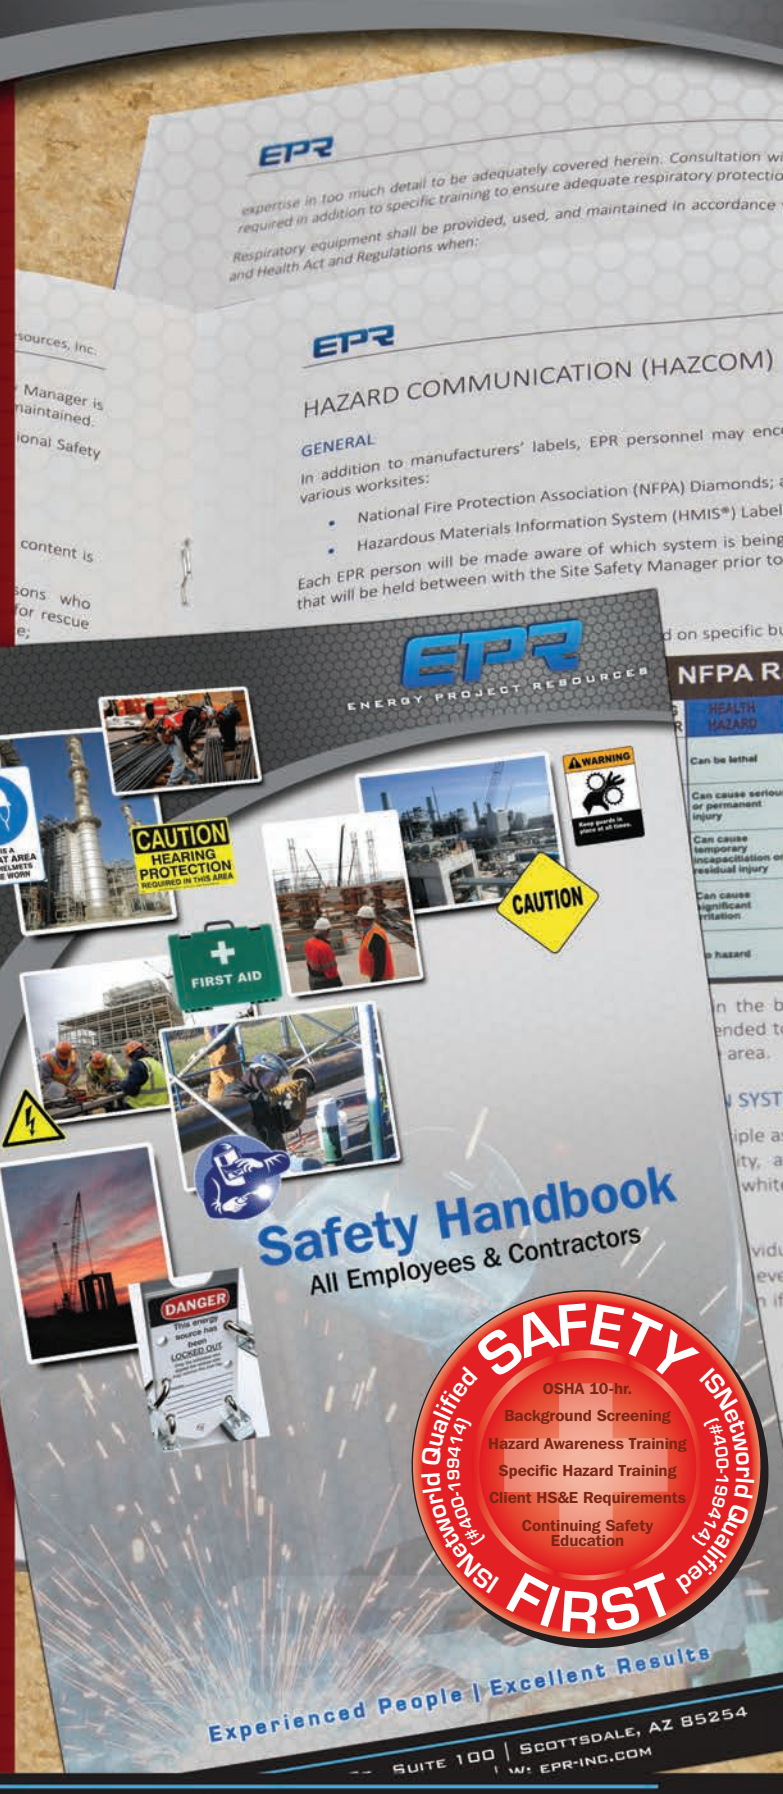

Pre-employment Screening

A detailed review of each candidate is conducted which includes as a minimum:

- › Alcohol & 10 Panel Drug Testing,
- › 7-year Criminal and Driving History, and
- › Any Client Requested Screening.

EPR works very closely with each Client to incorporate any unique safety or risk oriented additions to our project specific program. Safety is EPR's primary objective and we constantly strive to improve personnel preparation and have adopted a best practices approach to safety.
