## Heavy Industry Project Specialists

*Pre-Construction → Commercial Operation*

*Highly Regarded Personnel and Services*

*Real-time, Site-Oriented, Solutions*

*Serving Clients World-wide...*

### Project Restructuring & Validation

EPR specializes in successful completion of troubled projects. Complex and difficult execution situations are usually “delicate” but can be course-corrected with our infused leadership, experience, technical competencies, and cutting-edge systems, while greatly enhancing commercial leverage when needed.

### Project Management Services

Tailored owner project management services for heavy industrial projects of all sizes. EPR’s “SLATE” platform underpins its carefully selected project teams and enhances our field-focused ethic to build excellent assets for our clients.
